WHAT IS THREAD?

Thread was designed with one goal in mind: to create the best way to connect and control products in the home.

DESIGNED FOR THE HOME
Securely and reliably connect products around the home

OPEN IPV6 BASED PROTOCOL
Provides device-to-device and device-to-cloud connections

BUILT-IN SECURITY
Provides security at the network layer

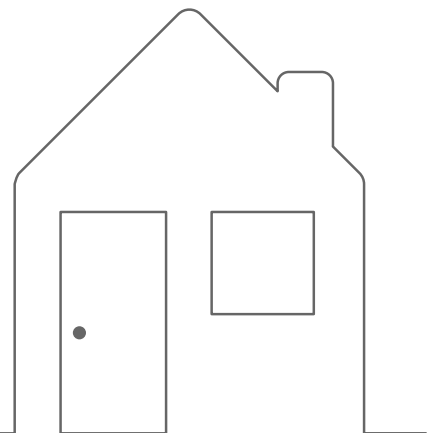

ROBUST MESH NETWORK
Devices can route messages with no single point of failure

BATTERY FRIENDLY
Based on the power-efficient IEEE 802.15.4 MAC/PHY

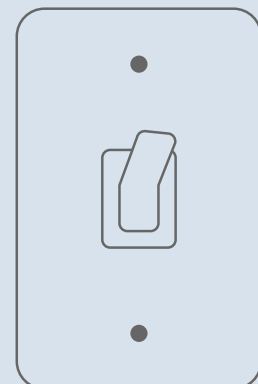

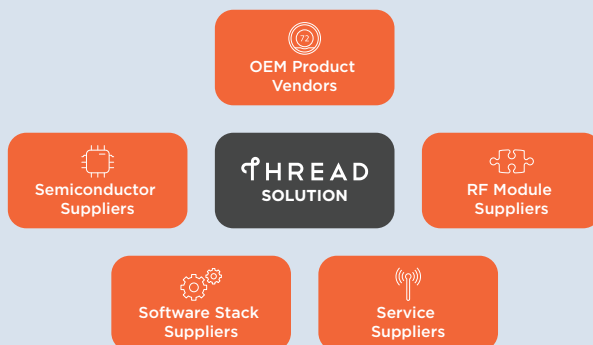

SIMPLE TO SET UP AND USE
Install using a smartphone, tablet, or computer

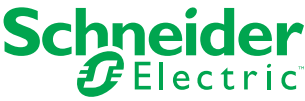

THREAD DEVELOPMENT ECOSYSTEM

Ready to get started? Many members offer a variety of products & services to help you build your Thread solutions.
